REDACTED GOVERNORS' DECISION**

DECISION OF THE GOVERNORS OF THE UNITED STATES POSTAL SERVICE ON THE ESTABLISHMENT OF PRICES AND CLASSIFICATIONS FOR DOMESTIC COMPETITIVE AGREEMENTS, OUTBOUND INTERNATIONAL COMPETITIVE AGREEMENTS, INBOUND INTERNATIONAL COMPETITIVE AGREEMENTS, AND OTHER NON-PUBLISHED COMPETITIVE RATES (GOVERNORS' DECISION NO. 19-1)

February 7, 2019

STATEMENT OF EXPLANATION AND JUSTIFICATION

Pursuant to our authority under section 3632 of title 39, as amended by the Postal Accountability and Enhancement Act of 2006 ("PAEA"), we establish new prices not of general applicability for certain of the Postal Service's competitive service offerings, and such changes in classification as are necessary to implement the new prices.

This decision establishes new prices for Domestic Competitive Agreements, Outbound International Competitive Agreements, Inbound International Competitive Agreements, and Other Non-Published Competitive Rates. Domestic Competitive Agreements consist of negotiated service agreements with Postal Service customers for domestic services that are categorized as competitive in accordance with 39 U.S.C. § 3642(b)(1)-(2). Outbound International Competitive Agreements consist of negotiated service agreements with Postal Service customers for outbound international services that are categorized as competitive in accordance with 39 U.S.C. § 3642(b)(1)-(2). Inbound International Competitive Agreements consist of negotiated service agreements with foreign postal operators or other entities for inbound international services that are categorized as competitive in accordance with 39 U.S.C. § 3642(b)(1)-(2). Other Non-Published Competitive Rates consist of rates not of general applicability that are not embodied in contractual instruments.

With respect to any product within the above categories, management is hereby authorized to prepare any necessary product description, including text for inclusion in the Mail Classification Schedule, and to make all necessary regulatory filings with the Postal

Regulatory Commission. [REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]

The Postal Accountability and Enhancement Act (PAEA) requires that prices for competitive products must cover each product's attributable costs, not result in subsidization by market dominant products, and enable all competitive products to contribute an appropriate share to the Postal Service's institutional costs. For agreements subject to this Decision, there are hereby established prices that will enable each agreement to cover at least 100 percent of the attributable costs for the relevant product and that conform in all other respects to 39 U.S.C. §§ 3632-3633 and 39 C.F.R. §§ 3015.5 and 3015.7. As discussed in the accompanying management analysis, the Chief Financial Officer (or his delegate(s)) shall certify that all cost inputs have been correctly identified for prices subject to this Decision and that all prices subject to this Decision conform to this Decision and to the requirements of the PAEA.

No agreement, grouping of functionally equivalent agreements, or other classification authorized pursuant to this Decision may go into effect unless it is submitted to the Postal Regulatory Commission with a notice that complies with 39 U.S.C. § 3632(b)(3). On a semi-annual basis, management shall furnish the Governors with a report on all non-published rate and classification initiatives, as specified in the accompanying Management Analysis. Not less than once each year, the Governors shall review the basis for this Decision and make such further determination as they may deem necessary. This Decision does not affect postal management's obligation to furnish to the Board of Governors information regarding any significant new program, policy, major modification, or initiative, or any other matter under 39 C.F.R. § 3.7(d), including where such a matter also falls within the scope of this Decision.

This Decision supersedes previous Governors' Decisions setting classifications and rates not of general applicability for competitive products; however, prices and classifications established under those Decisions may continue to be offered until the expiration of their terms, and contractual option periods and extension provisions that are included in the existing and future agreements can continue to be exercised.

ORDER

In accordance with the foregoing Decision of the Governors, the new prices and terms set forth herein for Domestic Competitive Agreements, Outbound International Competitive Agreements, Inbound International Competitive Agreements, and Other Non-Published Competitive Rates and the changes in classification necessary to implement those prices, are hereby approved and ordered into effect. An agreement or other nonpublished rate and classification initiative is authorized under this Decision only if the prices fall within this Decision and the certification process specified herein is followed. Prices and classification changes established pursuant to this Decision will take effect after filing with and completion of any necessary review by the Postal Regulatory Commission.

Management Analysis of Domestic Competitive Agreements, Outbound International Competitive Agreements, Inbound International Competitive Agreements, and Other Non-Published Competitive Rates

This analysis concerns the inbound competitive prices and classifications in the Domestic Competitive Agreements, Outbound International Competitive Agreements, Inbound International Competitive Agreements, and Other Non-Published Competitive Rates (collectively, "competitive instruments"). Competitive instruments are often negotiated with customers and foreign postal operators for better cost coverage, higher overall contribution, and improved service with respect to postal services classified as competitive. They may also arise from other sources, such as the Universal Postal Convention.

The cost coverage for each competitive agreement or grouping of functionally equivalent instruments (collectively, each "product") will be [REDACTED]

The cost coverage for a product equals [REDACTED]

[REDACTED]

Each competitive instrument may have multiple price categories and negotiated components. Examples of such categories or components would be Priority Mail, Priority Mail Express, Parcel Return Service, Parcel Select, First-Class Package Service, First Class Package International Service, Commercial ePacket Service, Priority Mail International, Priority Mail Express International, International Priority Airmail, International Surface Air Lift, Inbound Parcel Post, Inbound Direct Entry, and Inbound EMS services. These or other categories may include other services that the relevant customer or foreign postal operator offers to its customers under differing terms, but that nevertheless are processed and delivered in the same manner within the United States Postal Service's network. Such instruments may also establish negotiated rates for services ancillary to such items and for customized competitive services developed for application solely in the context of the agreement.

established by these formulas should not interfere with competitive products' ability as a whole to comply with 39 U.S.C. §3633(a)(3), which, as implemented by 39 C.F.R. § 3015.7(c), requires competitive products to contribute a minimum percentage to the Postal Service's total institutional costs. Accordingly, no issue of subsidization of competitive products by market dominant products should arise from 39 U.S.C. §3633(a)(1).

The Postal Service shall submit a semi-annual report to the Governors. The report shall include information on the cost coverage for each agreement or initiative that has been executed under the authority of Governors' Decision 19-1. Agreements classified as non-published rates or rate ranges may be reported as a collective grouping; all other agreements or initiatives are to be reported separately. The report shall also include cost coverage information on any agreements and nonpublished initiatives established under previous numbered Governors' Decisions and Resolutions.

REDACTED SHIPPING SERVICES CONTRACT**

SHIPPING SERVICES CONTRACT
BETWEEN
THE UNITED STATES POSTAL SERVICE
AND
[REDACTED]
REGARDING
FIRST-CLASS PACKAGE SERVICE

This Shipping Services Contract (as it may be amended, restated, supplemented or otherwise modified from time to time, and together with all attachments hereto, "SSC" or "Contract") is made by and between [REDACTED], a corporation organized and existing under the laws of [REDACTED] with its principal office at [REDACTED] ("Customer"), and the United States Postal Service, an independent establishment of the Executive Branch of the United States Government established by the Postal Reorganization Act, Public Law 91-375, with its principal office at 475 L'Enfant Plaza SW, Washington, DC 20260 ("the Postal Service"). The Postal Service and Customer are referred to herein collectively as the "Parties" and each as a "Party".

WHEREAS, it is the intention of the Parties to enter into a Contract that will benefit the Postal Service, the postal system as a whole, and Customer, and that will comply with the requirements of Title 39 United States Code, as amended by the Postal Accountability and Enhancement Act of 2006.

NOW, THEREFORE, the Parties agree as follows:

I. Terms

The following terms apply as of the Effective Date, as defined below:

- A. Except to the extent different terms or prices are specified in this Contract, applicable provisions of the Domestic Mail Manual (as may be regularly updated by the Postal Service and posted at http://pe.usps.com/text/dmm300/dmm300_landing.htm) and of other postal laws and standards, including USPS Publication 52 – *Hazardous, Restricted, and Perishable Mail*, apply to mail tendered under this Contract.
- B. This Contract applies to Customer's inbound and outbound First-Class Package Service - Commercial packages that do not exceed [REDACTED] [REDACTED] that Customer directly fulfills and/or transports by physically touching the packages ("Contract Packages"), excluding packages originating from and/or addressed to ZIP Codes contained in Table A below.

C. Pay Methods, Qualifying Volume and Data Requirements.

1. Customer will manifest Contract Packages as specified by the Postal Service, using a separate permit number and/or PC Postage meter numbers to ship such packages, and will use the Electronic Verification System (“eVS”), successor eVS, other USPS approved manifest systems or USPS approved PC Postage vendors for payment of such packages. Approved meters or permits must be registered to the Customer, with the Customer’s name and address information. If a shipper, who is using Customer’s [REDACTED], has a direct Shipping Services Contract with the Postal Service, Customer is prohibited from knowingly using its own payment accounts for shipment of packages. Customer also agrees to not prohibit shippers that use Customer’s [REDACTED] [REDACTED] from using shipper’s own Shipping Services Contract payment accounts and the prices afforded to them in their Shipping Services Contract. No permit, account or payment method may be used for Contract Packages unless such permit, account or payment method has been approved by the Postal Service. Contract pricing for any newly approved permits, payment methods, and/or PC Postage accounts will be effective within fifteen (15) business days after the Parties mutually agree to add such permit, pay method, and/or PC Postage accounts.
2. Additional data requirements and pricing restrictions that apply to Contract Packages are as follows:
 - a. The Parties have agreed to a list of Customer [REDACTED] locations from where Contract Packages must originate or be returned.
 - b. Customer shall provide the Postal Service an updated list of its [REDACTED] locations and addresses at all times.
 - c. Each Customer [REDACTED] location shall be identified with a unique Mailer ID in shipping data along with Customer’s name and physical shipping origin address.
 - d. Providing pricing below published First-Class Package Service – Commercial prices is strictly prohibited.
3. The requirements set forth in Sections I.C.2.d must be met at all times. Should Customer fail to do so, the Postal Service may move Customer to published First-Class Package Service – Commercial prices five (5) calendar days from notification. Additionally, if Customer or its clients are repeatedly found shipping Contract Packages at Contract Prices from locations it has not previously communicated to the Postal Service in writing as of the date of shipment, such

packages may be reassessed by the Postal Service at prevailing published First-Class – Commercial prices and Customer must pay the additional postage due within thirty (30) calendar days of notification. The Postal Service also reserves the right to move Customer to published First-Class Package Service – Commercial prices as a result of repeated occurrences of Customer shipping Contract Packages from ZIP Codes not previously communicated to the Postal Service in writing. The Postal Service also reserves the right to reassess Contract Packages at prevailing published prices after repeated occurrences of Customer failing to provide valid, unique MIDs, Customer’s name and shipping address in shipping data for each shipping location.

4. Valid Volumes for tier calculations. Only Contract Packages, plus Customer’s other First-Class Package Service packages (“Total Packages”), shipped from authorized permits and from the specific shipping locations agreed to by the Parties shall count towards the volume commitment expressed in Section I.F.3 and Table C below.
- D. The Postal Service will not provide Customer with packaging.
- E. Volume Commitment. Customer should ship at least [REDACTED] Total Packages per Contract Quarter.
- F. The terms and prices contained herein will take effect on the Effective Date as defined in Section III. Calendar and Contract Quarters are defined as:
1. Calendar Quarters. “Calendar Quarter(s)” or “Quarter(s)”, refer to the periods as follow in Table B.

Table B

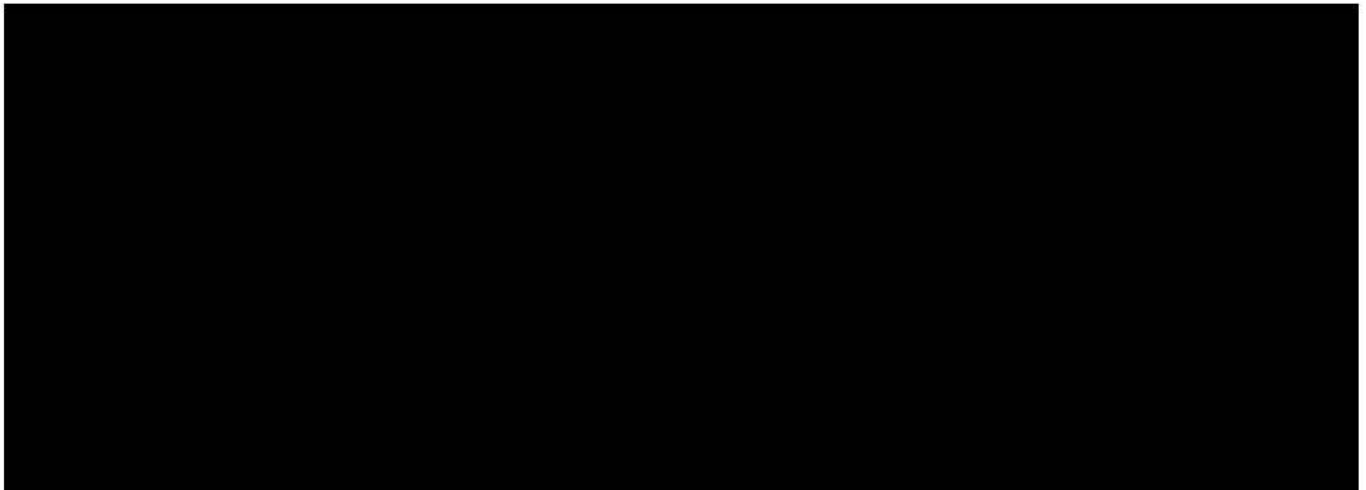

Calendar Quarters	
Start of Period	End of Period
January 1 st	March 31 st
April 1 st	June 30 th
July 1 st	September 30 th
October 1 st	December 31 st

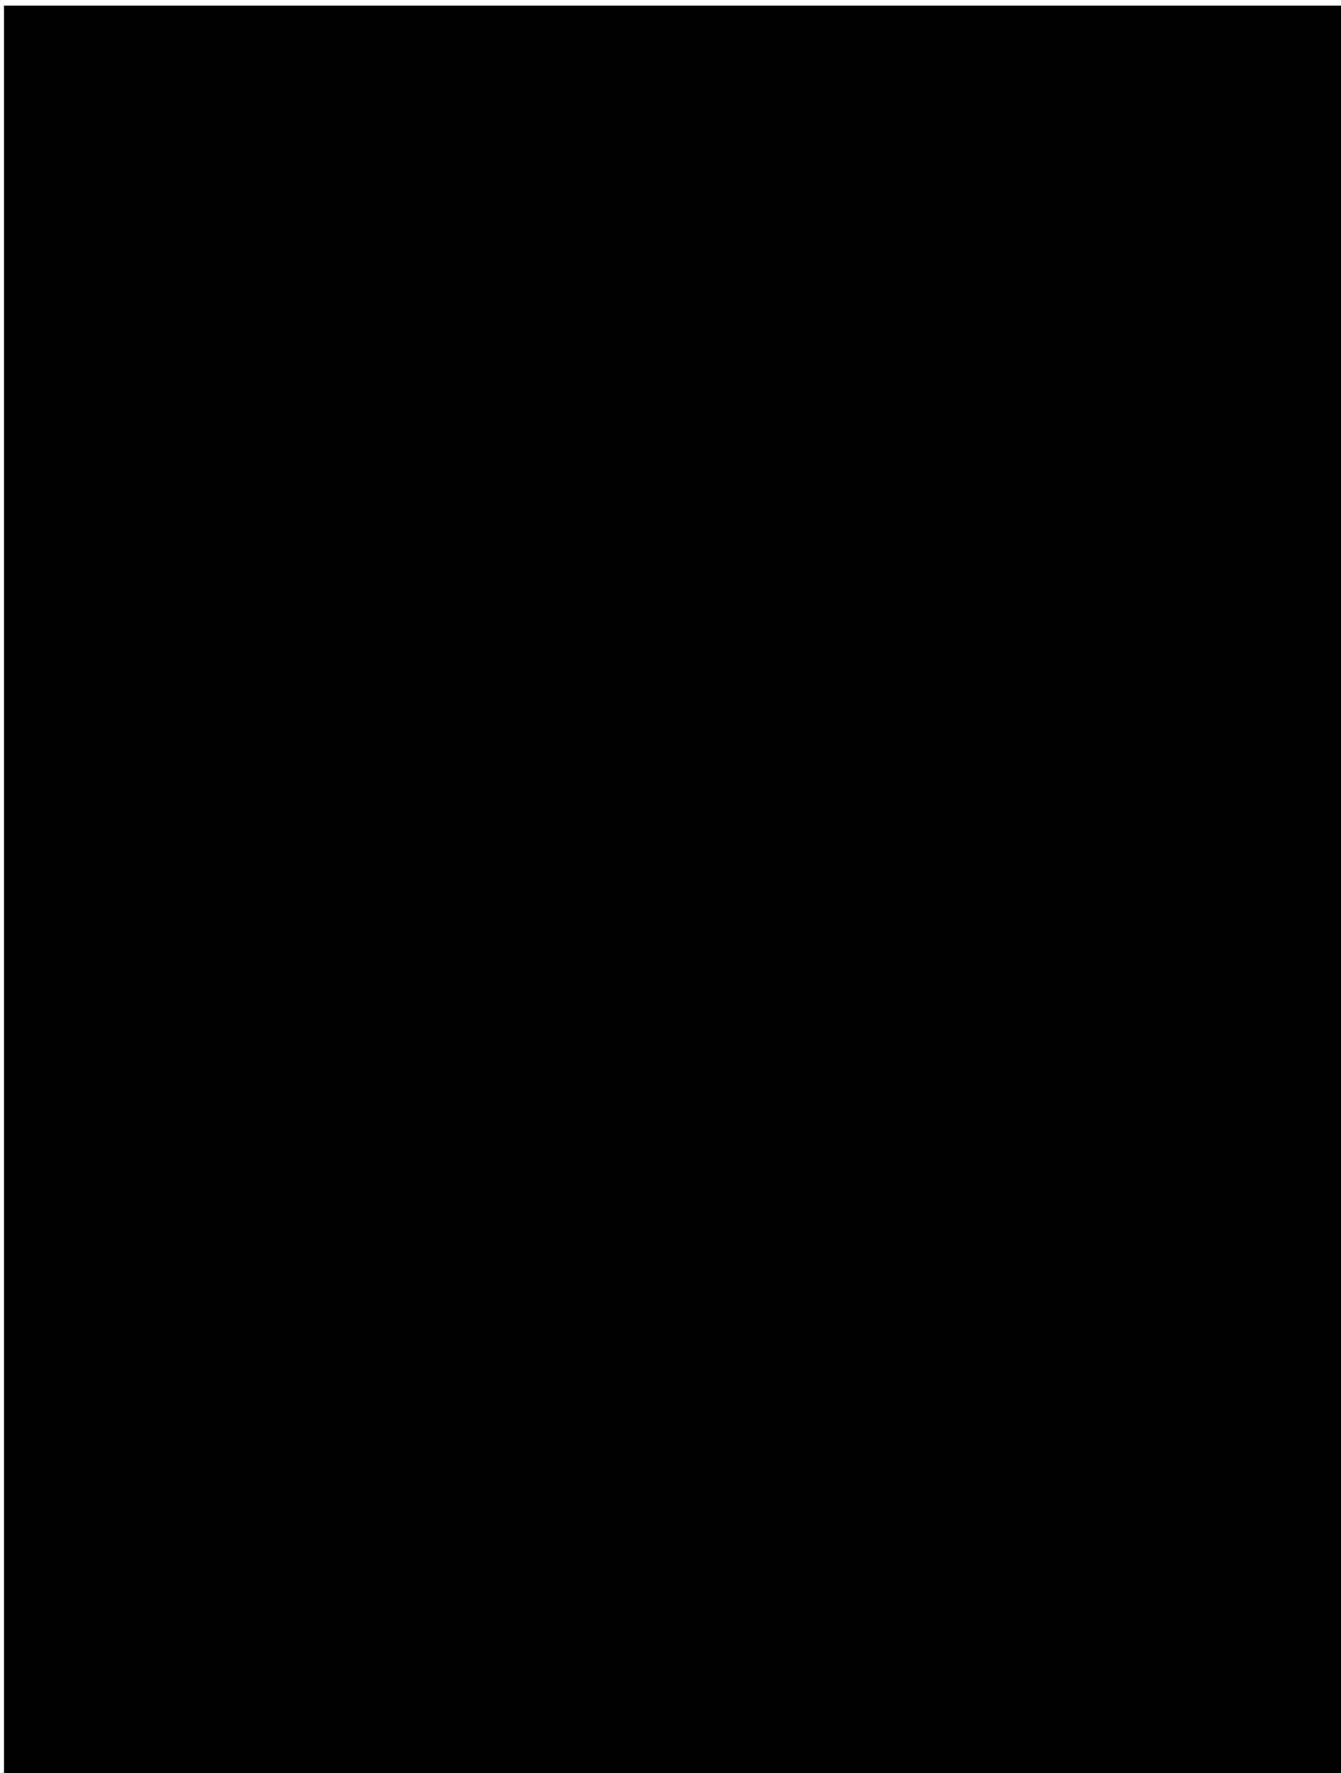

2. Contract Quarters. Contract Quarters will be the periods consisting of the Calendar Quarters shown in Table B, with Contract Quarter 1 being set as the Calendar Quarter in effect, as of the Effective Date of the Contract.
3. Tier threshold. As outlined in Table C below and excluding the Implementation Period as described in Section I.G.1, the following quarterly volumes must be met in order to achieve the applicable First-Class Package Service rates in Section I.G.

G. First-Class Package Service Contract Package Pricing.

1. From the Effective Date of the Contract, through the end of the first full Contract Quarter (“Implementation Period”), Customer shall receive Tier 1 discounts for its First-Class Package Service Contract Packages.
2. Subsequent Contract Quarters. For the Contract Quarter following the Implementation Period, Customer shall continue to receive Tier 1 discounts for its First-Class Package Service Contract Packages. In subsequent Contract Quarters, Contract Package pricing tiers will be determined by Customer’s volume of Total Packages shipped in the previous full Contract Quarter, pursuant to Table C.
3. The Postal Service will monitor Customer’s volume of Total Packages, and within thirty (30) calendar days after the start of each Contract Quarter will notify Customer of the applicable tier for that Contract Quarter based on Table C with corresponding discounts found in Tables 1 through 3 below. Tiered discount changes will be effective within thirty (30) calendar days after the start of each Contract Quarter. Discounted prices will be calculated by the Postal Service and rounded up to the nearest whole cent. The Postal Service will notify Customer, within thirty (30) calendar days after the start of each full Contract Quarter, of the applicable tiered discounts for any Contract Packages shipped during that Contract Quarter. The calculated rate for the new Contract Quarter will become effective within thirty (30) calendar days from the start of the new Contract Quarter.
4. If the volume in any Contract Quarter, throughout the term of this Contract, falls below the minimum quarterly volume set for Tier 1 pricing, the Postal Service in its sole discretion has the right to revert Customer to the most current First-Class Package Service – Commercial prices for the subsequent Contract Quarter.

- [REDACTED]
- H. Price Adjustments. Throughout the term of this Contract, and any extension period following the Contract term, Customer will pay prevailing First-Class Package Service - Commercial prices less the discounts found in Tables 1 through 3 above for Contract Packages and rounded up to the nearest whole cent.
- I. First-Class Package Presort Commitment. In order to qualify for the discounts shown in Tables 1 through 3 above, Customer shall presort no less than [REDACTED] of Contract Packages. Contract Packages must be presorted in accordance with the [REDACTED]. Within fifteen (15) calendar days of the close of a Contract Quarter, the Postal Service will calculate the percentage of Contract Packages presorted to the [REDACTED] by dividing the volume of presorted packages by the volume of Contract Packages shipped during each Contract Quarter. The Customer agrees to provide the Postal Service with their manifest report to support the reconciliation process. If Customer does not meet this presort requirement for two (2) consecutive Contract Quarters, the Postal Service, in its sole discretion, reserves the right to revert Customer to prevailing published First-Class Package Service – Commercial pricing within thirty (30) calendar days of the conclusion of the second consecutive Contract Quarter where Customer has not met the presort requirement of this Contract. Customer will remain at prevailing published prices for the remainder of the Contract Quarter, and will be reevaluated at the conclusion of that Quarter.
- J. Surcharges, Additional Fees and Time-Limited Price Changes. To the extent the Postal Service promulgates a surcharge, additional fee, or time-limited price change, applicable to the products defined and referenced in Term I.B, during the term of this Contract, such surcharge, fee, or time-limited price change will be applied to the then applicable prices for those products under this Contract, subject to the same terms as such surcharge or fee is applied to the prices of general applicability for those products, respectively, as calculated by the Postal Service. The Postal Service reserves the right to forego an increase pursuant to this section, or increase by a lesser amount (but no less than zero), at its sole discretion.
- K. Quarterly Business Reviews. The Parties shall, within thirty (30) calendar days after the conclusion of each full Contract Quarter in each Contract Year, jointly conduct a business review of Customer's Contract Packages, the agreed-upon locations referred

to in Section I.C, and other performance expectations under this Contract either in person, by telecom, or by webinar. If either Party is unable to conduct a business review within thirty (30) calendar days after the conclusion of the above referenced Contract Quarters, it shall notify the other Party in writing (i.e. email or mail) of that fact and propose a date as soon as practicable thereafter.

- L. Record Keeping and Audit. Customer shall respond to the Postal Service's or its designated auditor's quarterly and/or yearly transaction confirmations related to Postal Service transactions; and such other assistance as required by the Postal Service or its designated auditors in connection with Customer's performance under this Contract.
- M. The Parties will endeavor to mutually agree to operational procedures and service level commitments as it pertains to First-Class Package Service – Commercial packages. Such procedures are intended to be documented in an agreement between the Parties.

If the Effective Date of this Contract occurs between December 1st and March 31st, the Contract will expire on March 31st following the third anniversary of the Contract's Effective

Date, unless (1) terminated by either Party with thirty (30) calendar days' notice to the other Party in writing; (2) renewed by mutual agreement in writing and subsequent approval by the Commission; (3) superseded by a subsequent contract between the Parties; (4) ordered by the Commission or a court; or (5) required to comply with subsequently enacted legislation.

If, at the conclusion of this Contract term, both Parties agree that preparation of a successor SSC is active, the SSC will be extended for up to two (2) ninety (90) calendar day periods with official notification to the Commission at least seven (7) calendar days prior to Contract's expiration date.

V. Appeals

Customer may appeal a Postal Service decision regarding the calculation of prices, the amount of postage paid, or other implementation or operational issues under this Contract by submitting a written appeal via email, along with any and all supporting documentation, within thirty (30) calendar days of receipt of notification of the determination giving rise to the appeal to: [REDACTED]. The Postal Service will redact such information from its public filing. Customer authorizes the Postal Service to determine the scope of information that must be made publicly available in the Commission's docketed proceeding. Customer further understands that any unredacted portion of this Contract or supporting information will be available on the Commission's public website, www.prc.gov. At the request of Customer, the Postal Service will notify Customer of the docket number of the Commission proceeding once assigned. Customer has the right, in accordance with the Commission's rules, to address its confidentiality concerns directly with the Commission. Customer agrees to treat as confidential and not disclose to third parties absent express written consent by the Postal Service any information related to this Contract that is determined by the Commission to be non-public.

VII. Amendments

This Contract shall not be amended except expressly, in writing, by authorized representatives of the Parties.

In addition, in the event that Customer is merged with or into or acquires another entity, pricing under this Contract following such merger or acquisition shall apply only to mail sent by the entity existing prior to the merger or acquisition. The Postal Service and Customer acknowledge and agree that the Contract is subject to any legislation that might be enacted by the Congress of the United States or any orders or regulations that might be promulgated by any agency, branch, or independent establishment of the United States Government. Notwithstanding anything to the contrary set forth herein, the Postal Service and Customer further acknowledge and agree that the Contract in no way waives the Postal Service's authority to act in its sovereign capacity and to promulgate and amend from time to time regulations and policies and that, pursuant to the sovereign acts doctrine, the Postal Service shall not be held liable for any acts performed in its sovereign capacity, or for any acts performed by any branch, agency or independent establishment of the United States in their sovereign capacities that may directly or indirectly affect the terms of the Contract. In the event that either Party is required by legislation enacted by the Congress of the United States or any orders or regulations that might be promulgated by any branch, agency, regulatory body, or independent establishment of the United States Government to terminate, or otherwise as a result of such action is unable to perform its obligations under the Contract, either Party may give the other Party a notice of termination of the Contract, which termination shall be effective immediately or on the effective date of such requirement, whichever is later. The Parties agree that in the event that the Contract is terminated as set forth in the preceding two sentences, or in the event that either Party is enjoined from proceeding with the Contract by any court of competent jurisdiction, such Party shall not be subject to any liability by reason of such termination or injunction. To the extent that any applicable law, regulation or policy adopted after the effective date expressly supersedes the terms of this Appendix, such law, regulation or policy shall control.

VI. Notices

Any notice or other communication to be provided to a Party hereunder shall be in writing and shall be sent via certified mail (with return receipt requested) or by email to the individual and at the address listed below unless otherwise specified by the Party in writing. Notices shall be deemed given when received by the Party.

VII. Governing Law

THE CONTRACT SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH PRINCIPLES OF FEDERAL LAW.

VIII. Counterparts

The Contract may be executed in any number of counterparts, all of which taken together shall constitute one (1) single agreement between the Parties. A facsimile or other electronically or digitally transmitted copy of a signature on any counterpart shall be deemed to be an original signature. The Contract constitutes the entire agreement between the Parties pertaining to the subject matter hereof and supersedes all prior agreements, understandings, negotiations and discussions, whether oral or written, of the Parties.

First-Class Package Service Contract 119

Statement of Supporting Justification

I, Shibani S. Gambhir, Director, Field Sales Strategy and Contracts, am sponsoring this request that the Commission add First-Class Package Service Contract 119 to the list of competitive products. This statement supports the Postal Service's request by providing the information required by each applicable subsection of 39 C.F.R. § 3020.32. I attest to the accuracy of the information contained herein.

- (a) *Demonstrate why the change is in accordance with the policies and applicable criteria of the Act.*

As demonstrated below, the change complies with the applicable statutory provisions.

- (b) *Explain why, as to the market dominant products, the change is not inconsistent with each requirement of 39 U.S.C. § 3622(d), and that it advances the objectives of 39 U.S. C. § 3622(b), taking into account the factors of 39 U.S. C. § 3622(c).*

Not applicable. The Postal Service is proposing that this First-Class Package Service contract be added to the competitive products list.

- (c) *Explain why, as to competitive products, the addition, deletion, or transfer will not result in the violation of any of the standards of 39 U.S.C. § 3633.*

The service to be provided under the contract will cover its attributable costs and make a positive contribution to coverage of institutional costs. The contract will increase contribution toward the requisite 5.5 percent of the Postal Service's total institutional costs. Accordingly, no issue of subsidization of competitive products by market dominant products arises (39 U.S.C. § 3633(a)(1)).

- (d) *Verify that the change does not classify as competitive a product over which the Postal Service exercises sufficient market power that it can without risk of losing a significant level of business to other firms offering similar products: (1) set the price of such product substantially above costs, (2) raise prices significantly; (3) decrease quality; or (4) decrease output.*

The contract sets specific terms and conditions for providing First-Class Package Service to the customer. First-Class Package Service is provided in a highly competitive market. The Postal Service is unable to set prices substantially above costs, raise prices significantly, decrease quality, or decrease output, without losing this business to private competitors in the expedited shipping market.

In negotiating this contract, the Postal Service's bargaining position was constrained by the existence of other providers of services similar to the Postal Service's. As such, the market precludes the Postal Service from taking unilateral action to increase prices or decrease service. As with First-Class Package Service in general, the Postal Service may not decrease quality or output without risking the loss of business to competitors that offer similar expedited delivery services. The market does not allow the Postal Service to raise prices or offer prices substantially above costs; rather, the contract is premised on prices and terms that provide sufficient incentive for the customer to ship with the Postal Service rather than a competitor.

- (e) *Explain whether or not each product that is the subject of the request is covered by the postal monopoly as reserved to the Postal Service under 189 U.S.C. 1696, subject to the exceptions set forth in 39 U.S.C. 601.*

I am advised that merchandise sent by First-Class Package Service and this contract are not covered by these provisions. See part (d) above.

- (f) *Provide a description of the availability and nature of enterprises in the private sector engaged in the delivery of the product.*

See part (d) above. Expedited shipping, similar to First-Class Package Service, is widely available from well-known and successful private firms at both published and contract prices.

- (g) *Provide any available information of the views of those who use the product on the appropriateness of the proposed modification.*

Having entered into this contract with the Postal Service, the customer supports the addition of the contract to the product list so that the contractual terms can be effectuated.

- (h) *Provide a description of the likely impact of the proposed modification on small business concerns.*

The market for expedited delivery services is highly competitive and requires a substantial infrastructure to support a national network. Large shipping companies serve this market. The Postal Service is unaware of any small business concerns that could offer comparable service for this customer.

- (i) *Include such other information, data, and such statements of reasons and bases, as are necessary and appropriate to fully inform the Commission of the nature, scope, significance, and impact of the proposed modification.*

Additional details regarding the terms of the contract have been provided to the Commission under seal due to the sensitivity of the contract to both the customer and the Postal Service.

Certification of Prices for First-Class Package Service Contract 119

I, Lisa H. Arcari, Director, Domestic Package Pricing, Finance Department, am familiar with the prices and terms for First-Class Package Service Contract 119. The prices and terms contained in this Contract were established by the Decision of the Governors of the United States Postal Service on the Establishment of Prices and Classifications for Domestic Competitive Agreements, Outbound International Competitive Agreements, Inbound International Competitive Agreements, and Other Non-Published Competitive Rates (Governors' Decision No. 19-1).

I hereby certify, based on the financial analysis provided herewith, that the prices are in compliance with 39 U.S.C § 3633 (a)(1), (2), and (3). They are expected to cover attributable costs. There should therefore be no subsidization of competitive products by market dominant products. This contract should not impair the ability of competitive products on the whole to cover an appropriate share of institutional costs.

**APPLICATION OF THE UNITED STATES POSTAL SERVICE
FOR NON-PUBLIC TREATMENT OF MATERIALS**

In accordance with 39 C.F.R. Part 3007, the Postal Service hereby applies for non-public treatment of: the unredacted Governors' Decision; the unredacted shipping services contract; and the supporting documents establishing compliance with 39 U.S.C. § 3633 and 39 C.F.R. § 3015.5. The Postal Service hereby furnishes the justification required for this application by each subsection of 39 C.F.R. § 3007.201(b), as enumerated below.

For the reasons discussed, the Postal Service asks that the Commission grant its application for non-public treatment of the identified materials.

(1) The rationale for claiming that the materials are non-public, including the specific statutory provision(s) supporting the claim, and an explanation justifying application of the provision(s) to the materials.

The materials designated as non-public consist of information of a commercial nature, which under good business practice would not be publicly disclosed. In the Postal Service's opinion, this information would be exempt from mandatory disclosure pursuant to 39 U.S.C. § 410(c)(2) and 5 U.S.C. § 552(b)(3), (b)(4).¹ Because the portions of the materials which the Postal Service is applying to file only under seal fall within the scope of information not required to be publicly disclosed, the Postal Service asks the Commission to support its determination that these materials are exempt from public disclosure and grant its application for their non-public treatment.

Information of a commercial nature, which under good business practice would not be publicly disclosed, as well as third party business information, are not required to

¹ In appropriate circumstances, the Commission may determine the appropriate level of confidentiality to be afforded to such information after weighing the nature and extent of the likely commercial injury to the Postal Service against the public interest in maintaining the financial transparency of a government establishment competing in commercial markets. 39 U.S.C. § 504(g)(3)(A). The Commission has indicated that "likely commercial injury" should be construed broadly to encompass other types of injury, such as harms to privacy, deliberative process, or law enforcement interests. PRC Order No. 194, Second Notice of Proposed Rulemaking to Establish a Procedure for According Appropriate Confidentiality, Docket No. RM2008-1, Mar. 20, 2009, at 11.

be disclosed to the public. 39 U.S.C. § 410(c)(2); 5 U.S.C. § 552(b)(4). The Commission may determine the appropriate level of confidentiality to be afforded to such information after weighing the nature and extent of the likely commercial injury to the Postal Service against the public interest in maintaining the financial transparency of a government establishment competing in commercial markets. 39 U.S.C. § 504(g)(3)(A).² Because the portions of materials filed non-publicly in this docket fall within the scope of information not required to be publicly disclosed, the Postal Service asks the Commission to support its determination that these materials are exempt from public disclosure and grant its application for their non-public treatment.

- (2) A statement of whether the submitter, any person other than the submitter, or both have a proprietary interest in the information contained within the non-public materials, and the identification(s) specified in paragraphs (b)(2)(i) through (iii) of this section (whichever is applicable). For purposes of this paragraph, identification means the name, phone number, and email address of an individual.**

The Postal Service believes that the customer with whom the contract is made has a proprietary interest in the non-public materials and that customer-identifying information is sensitive and should be withheld from public disclosure. Therefore, rather than identifying the customer, the Postal Service gives notice that it has already informed the customer, in compliance with 39 C.F.R. § 3007.200(b), of the nature and scope of this filing and its ability to address its confidentiality concerns directly with the Commission. The Postal Service employee responsible for providing notice to the third party with proprietary interest in the materials filed in this docket is Elizabeth A. Reed, Attorney, 475 L'Enfant Plaza SW, Washington, D.C. 20260-1137, whose email address is Elizabeth.A.Reed@usps.gov and whose telephone number is 202-268-3179.

- (3) A description of the information contained within the materials claimed to be non-public in a manner that, without revealing the information at issue,**

² The Commission has indicated that “likely commercial injury” should be construed broadly to encompass other types of injury, such as harms to privacy, deliberative process, or law enforcement interests. PRC Order No. 194, Second Notice of Proposed Rulemaking to Establish a Procedure for According Appropriate Confidentiality, Docket No. RM2008-1, Mar. 20, 2009, at 11.

would allow the Commission to thoroughly evaluate the basis for the claim that the information contained within the materials are non-public.

The Governors' Decision establishing Domestic Competitive contracts, including those for First-Class Package Service, the contract identifying the customer and containing the prices, terms, and conditions of the contract, and the financial workpapers supporting the contract are being filed under seal in this docket. Redacted copies of the Governors' Decision and the contract are being filed publicly in this docket. The Postal Service maintains that the redacted portions of the Governors' Decision, the contract, name of the customer and related financial information should remain confidential.

With regard to the contract, the redactions are of the name, address, signature block, and other information that could identify the customer; such identifying information of a postal patron may be withheld from mandatory public disclosure by virtue of 39 U.S.C. § 504(g)(1) and 39 U.S.C. § 410(c). Also redacted are the negotiated price structure and the terms directly related to implementation of the price structure.

The redacted portions of the Governors' Decision and attached Analysis protect the costs authorizing Domestic Competitive contracts, and the analysis of those costs.

The redactions applied to the financial work papers protect commercially sensitive information such as underlying costs and assumptions, pricing formulas, information relevant to the mailing profile of the customer, and cost coverage projections. To the extent practicable, the Postal Service has limited its redactions in the workpapers to the actual information it determined to be exempt from disclosure under 5 U.S.C. § 552(b). However, in a limited number of cases, narrative passages or notes were redacted in their entirety due to the practical difficulties of redacting particular words or numbers within the text as presented in a spreadsheet format.

(4) Particular identification of the nature and extent of the harm alleged and the likelihood of each harm alleged to result from disclosure.

If the redacted information were to be disclosed publicly, the Postal Service considers that it is quite likely that it and the customer would suffer commercial harm.

The information is commercially sensitive, and the Postal Service does not believe that it would be disclosed under good business practices.

Revealing this information would provide a competitive advantage to competitors of the Postal Service and of the customer. The Postal Service considers that it is highly probable that if this information were made public, such entities would take immediate advantage of it and there is a substantial risk that the Postal Service and the customer would lose business as a result. Additionally, other postal customers could use the information to their advantage in negotiating the terms of their own agreements with the Postal Service and other businesses could use the information to their advantage in negotiating with the customer. The Postal Service considers these to be highly probable outcomes that would result from public disclosure of the redacted material.

Finally, the financial work papers include specific information such as costs, negotiated prices and pricing structure, assumptions used in developing costs and prices, mailer profile information, and projections of variables. All of this information is highly confidential in the business world. If this information were made public, the Postal Service's and the customer's competitors would likely take great advantage of this information. Unlike its competitors, the Postal Service is required to meet the standards of 39 U.S.C. § 3633 with each negotiated service agreement that it asks to have added to the competitive products list. Competitors are not so constrained and could use the redacted information to their advantage in gaining customers. The formulas shown in the spreadsheets in their native format provide additional sensitive information. Revealing the Postal Service's profit margin information could also be used by the customer to attempt to renegotiate its own prices.

(5) At least one specific hypothetical, illustrative example of each alleged harm.

Identified harm: Revealing customer identifying information would enable competitors to target the customers for sales and marketing purposes.

Hypothetical: The identity of the customer in this contract is revealed to the public. A competitor's sales representatives contact the Postal Service's customer and

offer the customer lower prices or other incentives, taking away the business anticipated by the Postal Service.

Identified harm: Public disclosure of negotiated terms of the agreement could be used by competitors and potential customers to the detriment of the Postal Service and its customer.

Hypothetical: A competitor obtains a copy of the unredacted version of Customer A's contract and workpapers to the detriment of the Postal Service's customer. Company B discovers proprietary business strategies and changes its business practices to minimize differentiation, identify their key customer base and cause defection of Customer A's customers. Customer A cancels the contract and withdraws their business from the Postal Service. Other companies would then refuse to share critical details of their business or to participate in negotiated prices with the Postal Service, harming the Postal Service's ability to compete in the marketplace for additional volume and revenue.

Hypothetical: The competitor could leverage multiple services to offer deeper discounts than provided by the Postal Service's contract as a loss leader, using profits on other products profits to make up for the temporary loss.

Identified harm: Public disclosure of the price formula, underlying cost structure, and information in the financial work papers relating to the contract would be used by competitors and customers to the detriment of the Postal Service.

Hypothetical: A competing package delivery service or its representative obtains a copy of the unredacted version of the financial work papers. It analyzes the work papers to determine what the Postal Service would have to charge its customers in order to meet its minimum statutory obligations for cost coverage and contribution to institutional costs. It then sets its own rates for products similar to what the Postal Service offers its customers under that threshold and markets its ability to guarantee to beat the Postal Service on price for similar delivery services.

Hypothetical: Competitors constantly monitor "cost to serve" scenarios to combine and alter facilities to lower costs. A competitor could add satellite pickup stations closer to the Postal Service's customer in order to underbid the Postal Service's prices.

Identified harm: Public disclosure of the prices and related terms would provide potential customers extraordinary negotiating power.

Hypothetical: Customer B obtains the contract showing Customer A's negotiated prices and the underlying workpapers. Customer B can determine that there is additional profit margin between the prices provided to Customer A and the statutory cost coverage that the Postal Service must produce in order for the agreement to be added to the competitive products list. Although Customer B was offered prices identical to Customer A's, Customer B uses the publicly available information to insist that it unless the Postal Service offers it even lower prices than Customer A's, it will not use the Postal Service but will give its business to a competitor of the Postal Service.

Alternatively, Customer B attempts to negotiate lower rates only for those destinations for which it believes the Postal Service is the low-cost provider among all service providers. The Postal Service may agree to this demand in order to keep the customer's business overall, which it believes will still satisfy total cost coverage for the agreement. Then, Customer B uses other providers for destinations other than those for which it negotiated lower rates. This impacts the Postal Service's overall projected cost coverage for the agreement. Although the Postal Service can terminate the contract when it sees that the mailer's practice and projected profile are at variance, the costs associated with establishing the contract, including filing it with the Postal Regulatory Commission, would be sunk costs that would have a negative impact on postal finances.

Harm: Public disclosure of information in the financial work papers would be used by the customer's competitors to its detriment.

Hypothetical: A business in competition with the customer obtains a copy of the unredacted version of the financial work papers. The customer's competitor analyzes the work papers to assess the customer's underlying shipping costs. The customer's competitor uses that information as a baseline to negotiate with shipping companies and other suppliers to develop lower-cost alternatives and thereby to undercut the customer.

(6) The extent of the protection from public disclosure alleged to be necessary.

The Postal Service maintains that the redacted portions of the materials filed non-publicly should be withheld from persons involved in competitive decision-making in the market for domestic parcel shipping products, as well as their consultants and attorneys. Additionally, the Postal Service believes that actual or potential customers of the Postal Service for such products should not be provided access to the non-public materials.

(7) The length of time for which non-public treatment is alleged to be necessary with justification thereof.

The Commission's regulations provide that non-public materials shall lose non-public status ten years after the date of filing with the Commission, unless otherwise provided by the Commission. 39 C.F.R. § 3007.401(a). However, because the Postal Service's relationships with customers often continue beyond ten years, the Postal Service intends to oppose requests for disclosure of these materials pursuant to 39 C.F.R. § 3007.401(b-c).

(8) Any other relevant factors or reasons to support the application.

None.
